## Apps for Individuals on the Autism Spectrum\*

There are hundreds of apps available for people with autism.

Each individual will benefit from different apps for different reasons.

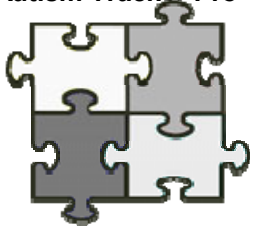

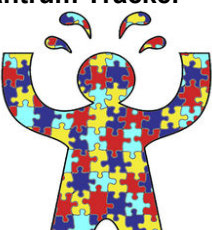

We recommend that you search for the skills you are trying to address.

We have divided our chart into 7 categories: Behavior Management, Communication, Creativity/Art, Learning, Schedulers/Organizers, Sensory/Relaxation and Social Skills

### Behavior Management

App	Vendor	Price	App Description	Features/Skills
<b>Autism Toolbox - Behavior</b> 	Behavior Toolbox Inc.	\$3.99	Provides strategies for managing challenging behaviors. Twenty specific types of behaviors are dealt with, including anxiety, meltdowns, repetitive behaviors and more. Users can generate a customized list of strategies, website links, articles and books that address their issues.	<ul style="list-style-type: none"><li>• Addresses ages 3-12</li><li>• User can create notes in the app for other caregivers</li><li>• Report can be saved to a PDF, printed in book format or sent as an attachment</li></ul>

\*This chart contains a sampling of apps for individuals with Autism Spectrum Disorder. It does not list every app available. New apps are developed every day. No warranty is made about the accuracy or completeness of the information on this chart. Customers should consult the Apple App Store for detailed information about the apps.

App	Vendor	Price	App Description	Features/Skills
